## HOW TO USE THIS LIST

This list gives the publications of the U.S. Department of Agriculture. Department publications are intended primarily for farmers, consumers, homemakers, suburbanites, research workers, teachers, and others who are interested in agriculture or related subjects.

**SECTION I** tells how to order free publications from the Department and publications that are for sale from the Government Printing Office.

**SECTION II** gives titles of publications, classified by subject matter.

**SECTION III** is a listing of USDA publications available from NTIS.

**SECTION IV** is Subject Index.

**SECTION V**—Title Index.

For published reports of State agricultural colleges and State agricultural experiment stations, write directly to the station concerned. Addresses are available from the Office of Governmental and Public Affairs on request.

### **SECTION I**

### **GENERAL INFORMATION**

#### **HOW TO OBTAIN FREE PUBLICATIONS**

Publications are free, as long as the supply lasts, unless listed as being For Sale Only. On general requests not more than one copy each of 10 publications is allowed. Justification is required if more are requested. Use the following instructions as a guide.

##### **Educational Institutions**

Libraries and instructors may obtain one each of as many as 100 free publications. Justification is required if more are ordered. The Department is unable to supply them in quantity for individual textbook use.

##### **Extension Workers**

Please follow instructions from your State Extension Distribution Officer, at the State office.

*When requesting popular booklets for the public (Farmers' Bulletins, Leaflets, and Home and Garden Bulletins), use your copy of the Annual Inventory of USDA Popular Publications and monthly supplements for the most recent titles.*

##### **Foreign Governments, Institutions, Residents, Private Agencies**

No publications issued by the Department of Agriculture will be sent regularly free of charge to any foreign government, institution, resident or private agency unless exchange arrangements have been made by the Deputy Director, Technical Information Systems, Science and Education Administration, who will be glad to arrange for such exchange of publications. All inquiries concerning exchange should be addressed to USDA, SEA/TIS, NAL Bldg., Beltsville, Maryland 20705. Copies of any listed publication may be purchased from the Superintendent of Documents in accordance with the instructions under **How to Order "For Sale Only" Publications**.

##### **Government Agencies and Cooperators (Federal, State, county, and local)**

Library and office copies of free publications may be obtained when needed. Consideration will also be given to quantity requests if effective distribution can be assured.

##### **Libraries (State or Public)**

One copy each of any free publication needed.

##### **Organizations (commercial)**

One copy each of free publications will be furnished to libraries on request. Not more than one copy each of 10 publications is allowed on other requests. If more are desired it is requested that they be purchased. Prices will be quoted on request from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

**Organizations (nonprofit)**

Library or office copies of free publications will be furnished on request. Consideration will also be given to quantity requests if effective distribution can be assured.

**Press**

Library and review copies of free publications will be furnished on request. Justification is required if more than 50 are ordered. Publications cannot be furnished for redistribution. **Before publicizing a publication please obtain permission from Office of Governmental and Public Affairs; otherwise the supply on hand might not be sufficient to meet the demand.**

**Public**

Not more than one each of 10 publications is allowed unless justification is given.

**Radio and Television Stations**

Library and review copies of free publications will be furnished on request. Justification is required if more than 50 are ordered. Publications cannot be furnished for redistribution. **Before publicizing a publication please obtain permission from the Office of Governmental and Public Affairs; otherwise the supply on hand might not be sufficient to meet the demand.**

**Teachers**

Libraries and instructors may obtain as many as one each of 100 free publications. Justication is required if more are ordered. The Department is unable to supply them in quantity for individual textbook use.

**HOW TO ORDER**

After consulting the guidelines listed above, write your name and address plainly on your order. Postal regulations require the Department to use ZIP CODES. Please include YOUR ZIP CODE to insure delivery of the publications requested. **Send orders for free publications to the Publications Division, Office of Governmental and Public Affairs, U.S. Department of Agriculture, Washington, D.C. 20250. Give the title of bulletin and series number. To hasten action on your request, use post card, group the publications by the number and letter and list numerically. See sample order below.**

NOTE.—Publications listed under COOPERATIVES—FARMER should be ordered directly from the Economics, Statistics, and Cooperatives Service, U.S. Department of Agriculture, Washington, D.C. 20250.

**HOW TO ORDER "FOR SALE ONLY" PUBLICATIONS**

Prices of publications listed as being "For Sale Only" can be obtained by contacting the Superintendent of Documents. Do not send request or payment to the Department of Agriculture. **Instead, send order and remittance to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Remittances can be made by check or money order payable to the Superintendent of Documents; by charge to your Superintendent of Documents Deposit Account as described below; or by charge to your Master Charge or Visa Account. Do not send currency (bills or coins) or postage stamps.**

Persons who make frequent purchases from the Superintendent of Documents may find a deposit account convenient. Deposits of \$50.00 or more are accepted whereby orders may be placed without making individual remittances or first obtaining quotations. Order blanks are furnished for this purpose. Sufficient deposit to take care of publications ordered must be on hand at all times.

Remittance is required to be made in advance of shipment. Remittances from foreign countries should be made by charge to your Master Charge, Visa, or Superintendent of Documents Deposit Account; by international money order made payable to the Superintendent of Documents; by draft on an American or Canadian bank; or by UNESCO coupons. It is necessary to include an additional one-fourth of the total cost of publications ordered to cover the special handling required to comply with the customs and international mail regulations. **Exception: When subscribing for a periodical do not send the additional one-fourth, as this is provided for in the foreign subscription price.**

A discount of 25 percent will be allowed to bookdealers when the publications, pamphlets, periodicals or subscription materials are mailed, delivered or forwarded to the dealer's normal place of business. A discount of 25 percent will be allowed to quantity purchasers (100 or more copies of a single publication, pamphlet, periodical or subscription material) when mailed to a single address.

No discounts will be allowed when the publication, pamphlet, periodical, or subscription service is mailed to a third party (unless in quantities of 100 or more), or on those periodicals or subscription materials which fall into a special pricing category.

## HOW TO ORDER USDA PUBLICATIONS FROM NTIS

USDA publications listed as being available only from NTIS may be purchased from National Technical Information Service, 5285 Port Royal Road, Springfield, Virginia 22161, at the prices quoted.

Microfiche (MF) is also available from NTIS at \$3.00 for each title.

Payments may be made by check, money order, or by charge to your American Express Credit Card. NTIS deposit accounts may also be used for purchases. Write NTIS for details. (NTIS prices quoted here are subject to change without notice.)

## PUBLICATIONS NO LONGER AVAILABLE

Publications of the Department no longer in print may be consulted in public or university libraries maintaining government publications. Many of these libraries carry fairly complete files of Department of Agriculture publications. If the one nearest you is at any distance, time might be saved if you communicate with the library concerning the publications you want to consult before making a trip.

## PHOTOCOPY/MICROFILM

A photocopy or microfilm of any out-of-print Department publication in the Library's collection may be purchased from the Photoduplication Section, U.S. Department of Agriculture, SEA/TIS, National Agricultural Library Building, Beltsville, Maryland 20705. Individuals and organizations without a library should request items on the Library's order form which is available from the above address. Requests from libraries should be submitted on the American Library Association interlibrary loan form. Charges will be billed after the request is completed.

**Microfilm:** \$1.00 for each 30 pages or fraction thereof from a single article.

**Photocopy:** \$2.00 for each 10 pages or fraction thereof from a single article.

## COMPUTER-BASED LITERATURE CITATIONS

Agriculture literature cataloged and indexed is available on computer magnetic tape from USDA, Science and Education Administration (SEA), Technical Information Systems (TIS). The total number of books and journal articles on general agriculture, food and nutrition, and agricultural economics exceeded 1,250,000 as of October 1, 1978. These magnetic tapes can be purchased for \$45 each, including a monthly update, from USDA, SEA/TIS, NAL Bldg., Beltsville, Maryland 20705

## **DESCRIPTION OF SERIES**

### **AGRICULTURAL ECONOMICS REPORTS**

Semipopular or semitechnical reports on production, marketing, and use of agricultural products for professional and technical workers.

### **AGRICULTURE FACT SHEETS**

Basic information for homemakers, part-time farmers and gardeners.

### **AGRICULTURE HANDBOOKS**

Information for ready reference, such as manuals, guidebooks, specifications, glossaries, and list of plants or animals, for professional and technical workers.

### **AGRICULTURE INFORMATION BULLETINS**

Subject matter of interest to people and groups throughout the American public—urban as well as rural.

### **AGRICULTURE INFORMATION POSTERS**

Information displays on a variety of agriculturally based topics of interest to both rural and urban audiences. This format, which often utilizes large-scale visuals and a minimum amount of text, is especially suitable for group instruction.

### **CONSERVATION RESEARCH REPORTS**

Reports of conservation research, including reports on less complete research projects than are reported in the Technical Bulletin series.

### **COOPERATIVE INFORMATION REPORTS**

Information on the principles, practices, organization, operation, and activities of farmer cooperatives.

### **FARMERS' BULLETINS**

Information of practical methods of applying the results of scientific research to farming in simple language.

### **FOREIGN AGRICULTURAL ECONOMIC REPORTS**

Semipopular or semitechnical reports with emphasis on keeping the nation's agricultural interest informed of current developments abroad in the supply, demand, and consumption of agricultural products.

### **FOREST RESOURCE REPORTS**

Economic information on forest resources.

### **HOME AND GARDEN BULLETINS**

Information on home and garden subjects for use by town and city as well as farm residents.

### **HOME ECONOMICS RESEARCH REPORTS**

Technical or semitechnical reports of home economics research for professional and technical workers in home economics and related fields.

### **LEAFLETS**

Popular material of the same general character as the Farmers' Bulletin series but in a briefer form.

## **MARKETING BULLETINS**

Popular presentations of information on agricultural marketing for the general public.

## **MARKETING RESEARCH REPORTS**

Results of marketing research in semitechnical or semipopular style.

## **MISCELLANEOUS PUBLICATIONS**

Both technical and nontechnical publications that do not conform to the size or type of material specified for the other series.

## **PRODUCTION RESEARCH REPORTS**

Semitechnical or semipopular reports of production research, with emphasis on the application of the information in the production of farm products.

## **PROGRAM AIDS**

Information on current farm programs for people affected by the programs.

## **PUBLISHED SOIL SURVEYS**

Soil surveys present a soil map of a county or area and a text that includes soil descriptions and important farm and nonfarm interpretations. Among the interpretations are land capability groupings, productivity ratings for trees, farm and horticultural crops, and soil ratings and limitations for town and country planning, dwellings, roads, sanitation, wildlife, recreation, and the like.

In addition, a technical discussion of soil morphology, the relation of soils to their environment, principles of soil classification, and a general description of the climate and other features significant to soil problems are included in soil surveys. Requests for a list of published soil surveys available in your State, or inquiries regarding these surveys, should be addressed to the State Office of the Soil Conservation Service in your State or to the Soil Conservation Service, U.S. Department of Agriculture, Washington, D.C. 20250.

## **RURAL DEVELOPMENT RESEARCH REPORTS**

Technical and semi-technical information on the development of people, communities, and natural resources of rural America.

## **STATISTICAL BULLETINS**

These publications consist mainly of tables of statistics on one or more closely related agricultural commodities. They may include statistics on production, movement from the farm, receipts at principal markets, reshipments, farm and market prices, exports and imports, and foreign production and prices. They are of particular interest to persons actually engaged in marketing, or any business affected by agricultural production and marketing.

## **TECHNICAL BULLETINS**

Technical Bulletins present results of research work carried on by the Department of Agriculture and its cooperators. They are written in technical language and are intended chiefly for distribution to scientists and specialists in the fields studied. Usually a comparatively small edition is printed which limits the number of copies that are available for free distribution.

## **UTILIZATION RESEARCH REPORTS**

Semitechnical or semipopular reports, with emphasis on the application of the information in the utilization of farm products.

## **YEARBOOK OF AGRICULTURE**

An annual publication devoted to articles on agricultural problems, new developments in agriculture, and research findings.

## **AGRICULTURAL STATISTICS**

The annual statistical compendium issued by the Department covering virtually all phases of agriculture.

**OTHER SERIES**

Series other than above have been either discontinued or are issued by agencies of the Department to meet their individual needs. Descriptions of periodicals appear in Section II.

**SPANISH PUBLICATIONS**

Spanish-speaking Americans now can get some buying guide publications in their native tongue. All of these publications are available free. For a listing, write Publications Division, Office of Governmental and Public Affairs, U.S. Department of Agriculture, Washington, D.C. 20250.

**Free distribution.**—Free distribution is limited to nurserymen, forest managers, forestry schools, libraries, and others interested mainly in tree planting and silvical treatments. Apply to the Forest Service, U.S. Department of Agriculture, Washington, D.C. 20250.

## RURAL POPULATION REPORTS

**Content.**—*Farm Population Estimates*, usually issued annually, gives estimates of the current farm population by geographic regions and divisions and of the components of annual change (births, deaths, and migration) in the farm population of the United States and geographic areas of the country. Occasional special reports contain historical estimates for 1910 on, or State estimates for intercensal dates. A series of reports prepared cooperatively with the Bureau of the Census, provides annual estimates of the farm population by age, sex, labor force status, and, at times, by other characteristics. This series and *Farm Population Estimates* contain the same estimates of total U.S. farm population, but the distributions shown in each are different. The *Hired Farm Working Force*, an annual report on U.S. agricultural workers, is based on data obtained for ESCS by the Bureau of the Census in the December Current Population Survey. The report covers all persons 14 years of age and over in the civilian noninstitutional population who did any farm wagework during the year.

**Distribution.**—Free in the United States. Send requests to Division of Information, Economics, Statistics, and Cooperatives Service, U.S. Department of Agriculture, Washington, D.C. 20250.

## SUPPLY-DEMAND ESTIMATES REPORTS

**Content.**—This series makes public as rapidly as possible USDA's current assessments of developments on the commodity scene. The assessments are made by an interagency board of USDA experts. Supply-demand reports present statistics, by crop, covering the balance of supply (production, stocks, imports) and demand (domestic use, exports, carryover) for the current marketing season. Rough indications of the supply-demand balance for one season ahead also may be included. ESCS Situation Reports (described above) contain fuller discussions of these estimates and their implications.

**Free distribution.**—Reports are released to the press in tabular form, with a brief commentary, after 3 p.m. on the day following the issuance of major crop production, grain stocks, or planting intentions reports by the Economics, Statistics, and Cooperatives Service. To be placed on the mailing list, send request to Division of Information, Economics, Statistics, and Cooperatives Service, U.S. Department of Agriculture, Washington, D.C. 20250.

## TOBACCO REPORTS

### Tobacco Stocks Report

**Content.**—A quarterly report, providing information on the supply and carryover of tobacco stocks held by manufacturers and dealers and under price support loans. The Tobacco Stocks Report covers stocks of unmanufactured tobacco on hand as of January 1, April 1, July 1, and October 1 of each year.

## **Annual Tobacco Market Reviews**

**Content.**—Annual reports providing a summary of market prices, sales, and quality of major tobacco types. They are published for the following types of tobacco: flue-cured, fire-cured, dark air-cured and light air-cured (published separately for type 31-Burley and for type 32-Maryland).

**Distribution.**—To be placed on the mailing list for any of the publications contact the Tobacco Division, Agricultural Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250.

## **TREE PLANTERS' NOTES**

**Content.**—A quarterly periodical that reports work in forestation research and practice: Forest nursery management; planting and direct seeding of forest trees; windbarrier and shelterbelt planting; tree improvement; and equipment used in all phases of forestation.

**Free distribution** is limited to nurserymen, forest managers, forestry schools, libraries and others interested mainly in tree planting. Apply to the Forest Service, U.S. Department of Agriculture, Washington, D.C. 20250.

## **WEEKLY WEATHER AND CROP BULLETIN**

**Distribution.**—Single copies free on request. Domestic subscriptions \$13.00, \$18.00 foreign airmail.

## **HOW TO OBTAIN VISUAL AIDS**

### **MOTION PICTURES**

The motion pictures produced by Office of Governmental and Public Affairs, Department of Agriculture, are informational and instructional. They are designed to aid in disseminating information on agricultural products, their production, distribution and utilization. They demonstrate improved methods in agriculture and home economics, stress the need for conservation of soil, forests, and other resources, explain the production credit system, forestry, land use, marketing, rural electrification, and kindred subjects, and help to increase the effectiveness of cooperative extension work.

Films may be rented or purchased from the National Archives and Records Service, National Audiovisual Center, Washington, D.C. 20409.

### **FILMSTRIPS AND SLIDE SERIES**

Filmstrips and slide series cover a variety of agricultural, home economic, and other subjects, and are accompanied by a cassette soundtrack, and/or narrative guide. A price list of available filmstrips and slide series which are for sale only may be obtained from the Photography Division, Office of Governmental and Public Affairs, U.S. Department of Agriculture, Washington, D.C. 20250.

### **PHOTOGRAPHS**

Reproductions of photographs which have been obtained in connection with authorized work may be purchased from the Department. Prices for prints and enlargements will be quoted upon request. However, no reproductions will be made for applicants, other than Federal agencies, until payment for them has been received. A minimum charge of \$1.00 is made on all orders.

An index of photographs and price list may be obtained from the Photography Division, Office of Governmental and Public Affairs, U.S. Department of Agriculture, Washington, D.C. 20250.

The Department will not furnish reproductions when it is believed that they may be used to show, by implication or otherwise, that the Department endorses any commercial product.

When ordering photographs of illustrations appearing in Department publications the negative number, if shown, title, and date of issuance of each publication should be given. Requests should be addressed to the Photography Division, Office of Governmental and Public Affairs, U.S. Department of Agriculture, Washington, D.C. 20250.

### NOTE

The prices of publications available from the Superintendent of Documents often change without notice. Prices charged for publications other than periodicals must therefore be obtained by request to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

This publication is a product of the Technical Information Systems, Science and Education Administration, formerly National Agricultural Library's automated Cataloging and Indexing (CAIN) System. The CAIN system was used to prepare a magnetic tape (CAIN-to-LINOTRON) for introduction to a photocomposition process which generated this listing.
